

ROTC offers a H2S Course. The purpose of the training is to train participants about the safe handling procedures of H2S in environments where the deadly H2S (Hydrogen Sulphide) can be released.

Topics

The Course includes the following subjects:

- H2S hazards and properties;
- H2S regulations and Working Conditions;
- Working with H 2S at a location;
- Personal protective equipment;
- Flight Procedures;
- First aid for H2S victims.

Prerequisites

Basic English comprehension skills.

Duration & Start Date

The course duration is 0.5 days. Please contact ROTC for the course schedule.
