

ROTC offers a Ship-to-Shore Crane Driver Course. This course has been developed for inexperienced STS Crane drivers. This course aims to get inexperienced drivers at the same level as their experienced colleagues within a relative short period of time.

When you are a skilled crane driver desiring to participate in the course, you will have the opportunity to upgrade your knowledge and improve your skills.

Topics

Topics that will be addressed during the course are:

- Roles of the Terminal's Logistic Process;
- Types and Purposes of STS (Ship-to-Shore) Cranes;
- Hoisting Equipment;
- General Knowledge of Vessels;
- General Knowledge of Lashing;
- Safe Working;
- Planning and Automation;
- Daily Checks and Maintenance;
- Team Work;
- Practice Driving and Handling.

Prerequisites

- A minimum of high school level education;
- An active learning attitude and ability to work in teams;
- Competence in the English language (reading and understanding) is a benefit, but not a condition. If necessary, a translator will be present.

Duration & Start Date

The course duration is 10 days (inexperienced drivers). A short training for experienced drivers takes place in 5 days. Please contact ROTC for the course schedule.

Price

Please contact us for further details.

Additional Information

- Training is provided in Portuguese and/or English;
- Courses will be executed in-company or at an alternative training location;
- Client to provide all relevant equipment, PPE and facilities;
- Participants successfully completing the course will receive a ROTC Certificate of Proficiency.
